

Mailbox Migrations

Cost effective, highly scalable self-service mailbox migration

BitTitan MSPComplete® provides on-demand data migration services through a fully automated cloud-based solution that you can access any time, from anywhere. You can move mailbox data quickly and seamlessly, with zero user downtime. It scales to handle projects of any size and empowers you to initiate your migrations from anywhere—without taking your email systems offline.

Mailbox Migrations Simplified

BitTitan has long been regarded as the premier option for email migration, with the ability to migrate to and from loads of platforms, including but not limited to Office 365, Exchange 2003+, Zimbra, Lotus Notes, and Gmail. BitTitan automated email migrations are performed through the MSPComplete web-portal, so there's no hardware or software for our users to worry about, and no intrusive outside personnel coming into the workplace. Best of all, Automated email migrations are performed through the MSPComplete is designed to completely eliminate system downtime and lost user productivity from the migration process.

"What was going to be a complex and messy project was simplified, done ahead of time and well under budget!"

Loryan Strant

Director & Microsoft MVP, Paradyne

Easy to Use

Simple and effective mailbox migration solution. Sign up, configure, purchase and submit migrations in minutes with no prior experience or training required.

Cost-Effective

Lower the total cost of migration projects, regardless of size. Fixed pricing simplifies planning, and we offer a volume discount for large numbers of licenses purchased.

First-Class Support

Our knowledgeable support staff is available twenty-four hours a day, seven days a week to assist you with your migrations.

Faster Migrations

Decrease your migration times. Our technology has moved hundreds of terabytes of data in under 48 hours.

24/7 Self-Service

Configure and start migrations twenty-four hours a day, seven days a week, anytime, anywhere.

Trusted Brand

BitTitan has migrated over 4 million end users in nearly 150 countries.

Zero Deployment

No software to download or install. No hardware to deploy. Manage your migrations with MSPComplete through your web browser.

Secure

Automated migrations eliminate the need for human interaction with mailbox data—providing secure communication through SAS 70/PCI environments.

Unlimited Scalability

MSPComplete supports hundreds of thousands of simultaneous migrations at any given time. Migrate more data daily and shorten your timeframe. Don't be bottlenecked by worker throughput with other solutions.

Scripting and Integration

Our platform can be fully scripted using PowerShell. Automate the entire migration process. In addition, we offer SOAP web services for custom integration.

21st Century Migration Solution

MSPComplete was built from the ground up to move mailboxes to and from hosted environments. Network communication is optimized for minimal network chatter and resource usage.
